

Dear Parents of soon to be 3rd-5th graders,

We are all getting ready to start our summer vacation. It is a time for kids and families to relax and enjoy the outdoors. I encourage everyone to use some of their vacation time to keep on reading. Summer break is an extended period of time, and we want the kids to enjoy and practice their reading.

Several local places have reading programs where your kids can earn prizes. Check out Schuler Books), Barnes and Noble, Baker Books (<https://bakerbookhouse.com/>) and the public libraries. You can visit these places or the websites, sign up for their reading programs and earn prizes. I encourage you to set a goal with your child on how many books to read over the summer and use these reading incentive programs in the community for their reward.

If you are looking for some book ideas you can go to the DCS website and look under the north campus co curricular library tab.

Happy Reading!

Mrs. DeBruin
